

Winter

I like winter because I get to make a snowman.

I like putting the eyes and nose on him. But the best thing about winter is that some nights and Jade and Jack get to go over to Aifes house and some nights we get to go over to my Uncle Paul 's House and Get to see His pet dog Rusty. I like winter because it snows a lot. I like winter because I get to make snow angels.

But the worst thing about winter is the holidays from school.
