

# Winter

I can feel the winter chill flying through the air.

The smell of hot chocolate my favourite yum yum.

The stew cooking .The Christmas lights up.

Everyone shopping for presents for under the Christmas tree. Children throwing snowballs at every one. Everyone singing Christmas carols. Everyone is comfortable by the fire drinking hot chocolate with the smell of the candles. Children making snowmen with colourful scarfs and a black top hat and carrots for noses. The colourful wrapping paper on the presents.
