

# Winter Story!

In winter I go outside to play in the snow. I smell the frosty snow. One year I went outside to play in the snow I saw a really big icicle. I told Mum and she got a picture. Then when daddy came home I showed him outside. We do make snowmen with Sorcha. I made a snow lady. Darragh helped me cut out the lady's hair. I got an old scarf and hat and gloves. I do smell the dinners when I go in I help stuff the turkey with mum. On Christmas day Mamó and Daideó come over to our house to have dinner. At night I am cosy in my bed. It is dark in the night and morning very early. It is very fun to play in the snow.

I love winter. By Caoilainn Lowry!!!!
