

# **WINTER**

**The three months in winter are November, December and January.**

**I love December the most because it is cold.**

**I am cold but when I go inside my mum makes me hot chocolate.**

**The hedgehog, the squirrel, and the bat are hibernating.**

**The deciduous tree is the sycamore, maple and the horse chestnut tree.**

**I see holly bush, mistletoe and lots more.**

**I have to wear a woolly hats scarfs and gloves.**

**I smell the fire, my dinner and sometimes soup.**

**I love looking at the evergreen tree but most of all I love to look at holly most.**

**I love the smell of winter stew.**

**I love when my dad drags us around the garden.**

**Last year my dad made a sledge.**

**I love winter!!**
