

# A fun winter

Every year we celebrate winter

In winter it snows.

Most people snuggle up in the sitting room.

Ally was a little girl she lived in the country side.

It was cold and chilly outside so Ally went inside.

Next she got a blanket and

Went into the sitting room and fell fast asleep.

When she woke up snowflakes were

Falling all the way down to the white sparkling  
snow and on her window.

After she got her hat, gloves, coat and boots she  
ran to the door

Ally shouted Mum I'm going back outside.

When she was walking in the snow you could hear  
crunch crunch crunch.
