

## Mixing colours

Goal: To make new colours

### Materials

A paper plate

Red, blue and yellow paint

Paint brush

A table

### Method

1. Get plate.
2. Put a blob of each paint on plate.
3. Combine red and yellow using brush.
4. Mix yellow and blue.
5. Combine blue and red.

### Result

Look at the colours on the plate.

Yellow and red make orange.

Blue and red make purple.

Yellow and blue make green.
