

Killer Dinosaur

Once upon a time in dinosaur land Ben the dinosaur and his crew were chomping some meat. They noticed they ran out of meat , there was no meat to eat.

They looked and looked there was still no meat in sight. Ben decided to run away to kill some animals.

He was so happy when he found some animals on a hill. He killed the animals on the hill to get some meat. He called the crew to come and enjoy the feast.

Then they lived happily ever after.
